- Service engineer is recommended to have at least one year of field experience

APPLICATION

The engineer can apply for this training by registration on the JRC website.
Please note that it is important to fill in the personal work e-mail address of the engineer. We can use an e-mail address only once for one account in our portal so when you would like to register more engineers now or in the future for our e-learning modules, it will not be possible with the same e-mail address.

CURRICULUM

- General introduction
- Generic entry test
- Training content VDR 1900/1950
- Annual Performance Test (APT)

CLASSROOM TRAINING

After the e-learning module is completed succesfully, the engineer need to apply for the (online) classroom training for the practical part of the VDR training. A certificate will be issued when the engineer completes this practical (online) classroom training succesfully.
For more information about possible dates and prices, please check '(S)-VDR JCY-1900/1950 (online) classroom training on our JRC website.

CERTIFICATION

A certificate will be issued when the engineer has completed the e-learning module and (online) classroom training both succesfully.

- With this certificate the engineer is allowed to perform the installation, operation, maintenance, APT and commissioning of the JRC (Simplified) Voyage Data Recorder JCY-1900/1950.
- This certificate is valid for 2 years and can be renewed for another 2 years
